**Subject:** Answers to your questions on sampling in Dimock

Peter: Here are the answers to the questions you sent to Terri White:

Q: How many wells have been sampled to date?

**ANSWER:** By the end of the day today, EPA expects to have completed sampling at 11 homes.

Q: How often are the water deliveries?

**ANSWER:** Water deliveries continue to be daily until we get a better idea on how much water each home needs.

Q: Are we doing split sampling with PADEP and Cabot?

**ANSWER:** Yes, we are conducting split sampling with PADEP and Cabot as long as the residents agree to it. It is up to the residents to decide who they will allow on their property to conduct sampling.
